Vijaya institute of technology for women has organized GATE Coaching from 15-11-2021 to 20-11-2021. The program was organized by the department of ECE to provide basics on the preparation for the GATE exam for III B.Tech ECE Students.

The benefits of the program include:

- To create awareness among the students regarding GATE examination.
- To support the students by providing necessary information about marks weightage.
- To cover the essential topics required for Signals & Systems and Electronic circuit analysis which is important for GATE examination.

PROGRAM OUTCOMES:

After the completion of this course, students will be able to

- Understand different types of signals-continuous and discrete, odd and even, periodic and aperiodic etc.
- Design Linear time invariant filters using different transform domain techniques.
- Develop digital signal processing applications using TMS320C54XX processor.
- Analyse the transistor configuration at different frequency responses.
- Understand the applications of oscillators, tuned amplifiers.
- Design different single stage and multistage amplifiers.
- Evaluate power dissipated in a circuit (dynamic and leakage).
